Student Enrollment: 2800  
Faculty: 63

AACSB Accredited
Student Related International Efforts

- Provide international educational opportunities through:
  a. Short-term International Study Tours
  b. Study Abroad Program
  c. International Exchange Study
- Incorporate international experiences through classroom enrichment
- Student Scholarships for international study programs
- All students required to complete international overlay course
- Three of four undergraduate departments offer international courses (one requires an international course for all students)
- Newly formed Student Study Abroad Advocate group
- Certificate of International Business
Faculty Related International Efforts

- Currently, the CBA has faculty serving from seven countries
- The faculty International Business Committee is responsible for enhancing globalization of our programs
- Financial support is available to assist faculty in international activities
- Grant support is provided to augment faculty research endeavors
International Management Research

- CBA faculty collaborate with international scholars in a variety of scholarly activities

- The CBA 2002 International Business Committee calendar year report indicated the publication of 10 journal articles, 11 conference presentations, and one book review journal, research between CBA faculty and their international counterparts

- An average of two faculty members per semester teaches or does research at one of our partner universities
CBA Encouragements in International Management Research

- Flexibility in class scheduling for faculty
- Faculty development funds, summer research grants, augmented salaries
- Lodging, travel expenses for visiting scholars
- Providing office and computing facilities for visiting scholars
Challenges Impacting International Research Efforts

- Finding colleagues with shared interests, skills, training, etc.
- Obtaining data from foreign countries
- Language/translation issues
- Team approach to writing/language barrier complications
- International scholars’ publications in top tier journals
- Setting research goals/cultural implications
Challenges Impacting International Research Efforts

- Differences in technology, software and operations
- Cultural differences in research perspectives/goals
- Scheduling/work assignment issues
- Travel restrictions/visa complications between countries
- Limited international grant opportunities
